

Worrall's are proud to present our new range of Raskullz and Krash helmets by C-PREME.

C-Preme strive to create products that are smarter, more innovative and safer. Products that appeal not only to your children but to your sense of design. We make products that inspire your children's imagination and keep them safe and having fun. That's our ultimate goal in everything we do.

We create products that are original and transformational. Our team continues to bring design to life, introducing exciting, innovative essentials for the coolest kids in the world.

All new models are now equipped with an integrated Fit System for a more secure and comfortable fit.

Raskullz®

Since 2011, Raskullz has repeatedly redefined the children's helmet landscape. After innovating the world's first ever 3D character helmets, the company has gone on to re-imagine what's possible with many game changing products. Fast forward to the 2020 retail season and the bar continues to rise! This year Raskullz brings its innovative approach to bike accessories and helmets! We are sure to inspire imagination while helping to protect the next generation of fearless youth.
